MEMORANDUM FOR: Director of Logistics

FROM: William F. Donnelly
Deputy Director for Administration

SUBJECT: Headquarters Compound Property Planning

John,

1. I'd like you to undertake several near-term activities to help plan for future extended uses of the Headquarters compound property:

a. Please have the entire Headquarters property surveyed, including the Scattergood-Thorne, Turkey Run Access Road, and Savile Lane properties. I want to make sure that permanent survey posts are installed so that there are no misunderstandings about our boundary lines.

b. I would like you to prepare an estimate for replacing the peripheral fence surrounding the Savile Lane property with a similar (no barbed wire) four or five foot high fence with appropriate gates. My intent is to replace the existing fence, which is in a terrible state of repair, with a new one.

c. Please prepare a proposed layout and estimated cost to build a walking/jogging trail on the Savile Lane property. I'm thinking of a graded, fine gravel path perhaps a mile in distance and about the width of a car lane. While I don't want the path to merely circle the property line, I'd like it designed so that, if we decided to do so, we could drive a vehicle on it to patrol the property. The entrance to the trail should be outside the Route 123 Visitor Control Center.

2. Thanks. Please have your staff call [redacted] on secure extension [redacted] if they have questions or need clarifications.

[redacted]
William F. Donnelly
